S. A. MINUTES

February 16, 1965

The meeting opened with a devotional. Mike and Dr. Gilliam were absent.

The minutes were approved as posted on the bulletin board.

Dave said that the collection for the radio station will be taken in short chapel this Friday.

Dave reported that Cliff Ganus has accepted the position as the student representative on the lyceum selection committee. Dave said that an article would be placed in the BISON explaining Cliff's position and requesting students to direct their ideas and suggestions for lyceum programs to him.

Report on the progress of the Emerald Room: The curtains have not been completed. The speakers have arrived and will be installed tomorrow. The tables and games are already in the room. The necessary signs are yet to ^{be} made. Dave announced that Jim Anderson has accepted the responsibility as the over-all director of the game room--opening and closing the room and maintaining supervision.

Robert Clark was visiting the meeting and he asked about who would be responsible for games which were torn up.

The council agreed that we must recognize that there will be wear and tear on the games and that they will have to ^{be} replaced in time.

Dave said that he had received requests for another phone in Kendall Hall. With the consent of the council, the request will be taken to Mr. Tucker.

Dave reminded the council that we had discussed a club officer's workshop early in the year. He asked that the council make its final decision tonight. A rather lengthy discussion followed: Dwayne felt that it was too late in the semester to be effective. Linda said that many officers had not changed and that the officers who had attended the fall Leadership Forum would probably not be interested in attending the workshop too. Eileen suggested having a rules clarification proclamation as a part of the workshop program. Darwin suggested that the pledge week for social clubs be changed to the second semester also be a topic for discussion. Jim commented that the club presidents have a responsibility to their clubs and that we should be careful to not call on them too much. After these divergent ideas, the council decided that in view of the time of year and the present circumstances a club officer's workshop will not be held this spring.

Robert Clark commented that he felt there was a lack of communication between the S.A. council and the student body. A short discussion followed on the purpose of the S.A. representatives in relation to the students.

Eileen made the suggestion that the wooden panel around the wall of the dining hall would be a good place to nail up hangers for coats.

Jim said that students had made complaints about the coke machines being empty during the week ends. Dave said he would ask Mr. Tucker if there was some way that they could be refilled during week ends.

There was no further business. The meeting adjourned.
